# DISH WASHERS

## Quietest Operation

When noise reduction is priority number one. With LoDecibel™, a combination of sound-reducing material and our Slim Direct Motor™, you'll experience very low noise output at 42 dB LoDecibel™. It's the quietest dishwasher we offer.

## Steam Wash, Don't Pre Wash

Powerful yet gentle TrueSteam™ virtually eliminates the need to pre-wash. The built-in TrueSteam™ generator also enables gentle cleaning for fragile items (like stemware), and can be added as an optional enhancement to other cycles for heavy-duty cleaning.

## Adjustable Top to Bottom

Pots, pans, dishes, glasses – no problem. The EasyRack™ Plus system provides outstanding flexibility and convenience in all 3 racks, adjusting to just about any load of dishes to ensure optimal cleaning performance.

## Top Rack Flexibility

The height adjustable 3rd rack gives you more space to fit everything from long flatware to small espresso cups.

## Count On It

When you buy a dishwasher, you don't want to worry that it won't last. Because the Direct Drive Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

## Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

## Wash & Conserve

SenseClean™ measures the water's turbulence and then adjusts water and cycle length for more precise cleaning and energy efficiency.

## Reservations for 14

The spacious, stainless steel interior provides ample space for lots of dishes and stemware, in a variety of sizes. Fit up to 14 place-settings of dishes.

## Energy Star Qualified

Among the most energy-efficient dishwashers in its class.
